HIGHLIGHTS

Materials: AISI 304 stainless steel and a new removable grate.
Core Ice System: stable evaporation system (axial load).
New main evaporator: highly balanced screw (dual-profile system).
New gearmotor: improved evaporator stability and no noise.
Innovative ice crusher: very dry ice, 12% water content.
Simplified cleaning process.
New high-tech water tray with an easy-to-adjust system.
New ice level sensor: for uninterrupted operation.
New display: touchscreen and smart.
XWave: new app with improved electronics and programming.
R290: Eco refrigeration gas.
XSafe (standard): integrated sanitation system operating 24/7, automatic sanitization.

Superflake ice
Ice in its most natural shape. it is made at a temperature just below 0°C.
Highly versatile and suitable for multiple applications: fish display counters, buffet display, frozen drinks preparation as well as fast chilling of wine & champagne buckets.
Residual water content 12%
